## Investor demand by geographic region

## Issuer highlights

- This is Ontario's first benchmark transaction in the EUR market since fall 2010
- Nearly 80 investors participated in the transaction, including a significant number of asset managers and official institutions. The final book had orders in excess of EUR 2.25 billion
- The strength and quality of the order book, including orders from many new investors, marks a successful comeback in the Euro market for Ontario
- With this issue, Ontario has completed \$4.7 billion of its \$35.0 billion long-term borrowing forecast for 2014-15
